FIFTEEN CENTS

Playground Going Up at Jensen Park

Playground equipment, donated by the Antioch Jaycees, is being installed at Jensen Park in Sequoit Terrace subdivision.

The equipment was delivered in mid-May, but due to the recent cement strike installation had to be delayed.

The installation is being done by B & R Erectors of Crystal Lake. The park, when completed, will also include 3 tennis courts, washroom facilities, a shelter, shrubbery, picnic tables, park benches and a free play area.

The frontier-type equipment is designed for children of all ages and has been put in areas according to their ability. One area, which has been designed for small children, consists of two teepees, a suspended bridge with small slide, and baby swings. For older children there will be a tower slide, large merry-go-round, prairie schooner jungle gym, tree house slide and larger swings.

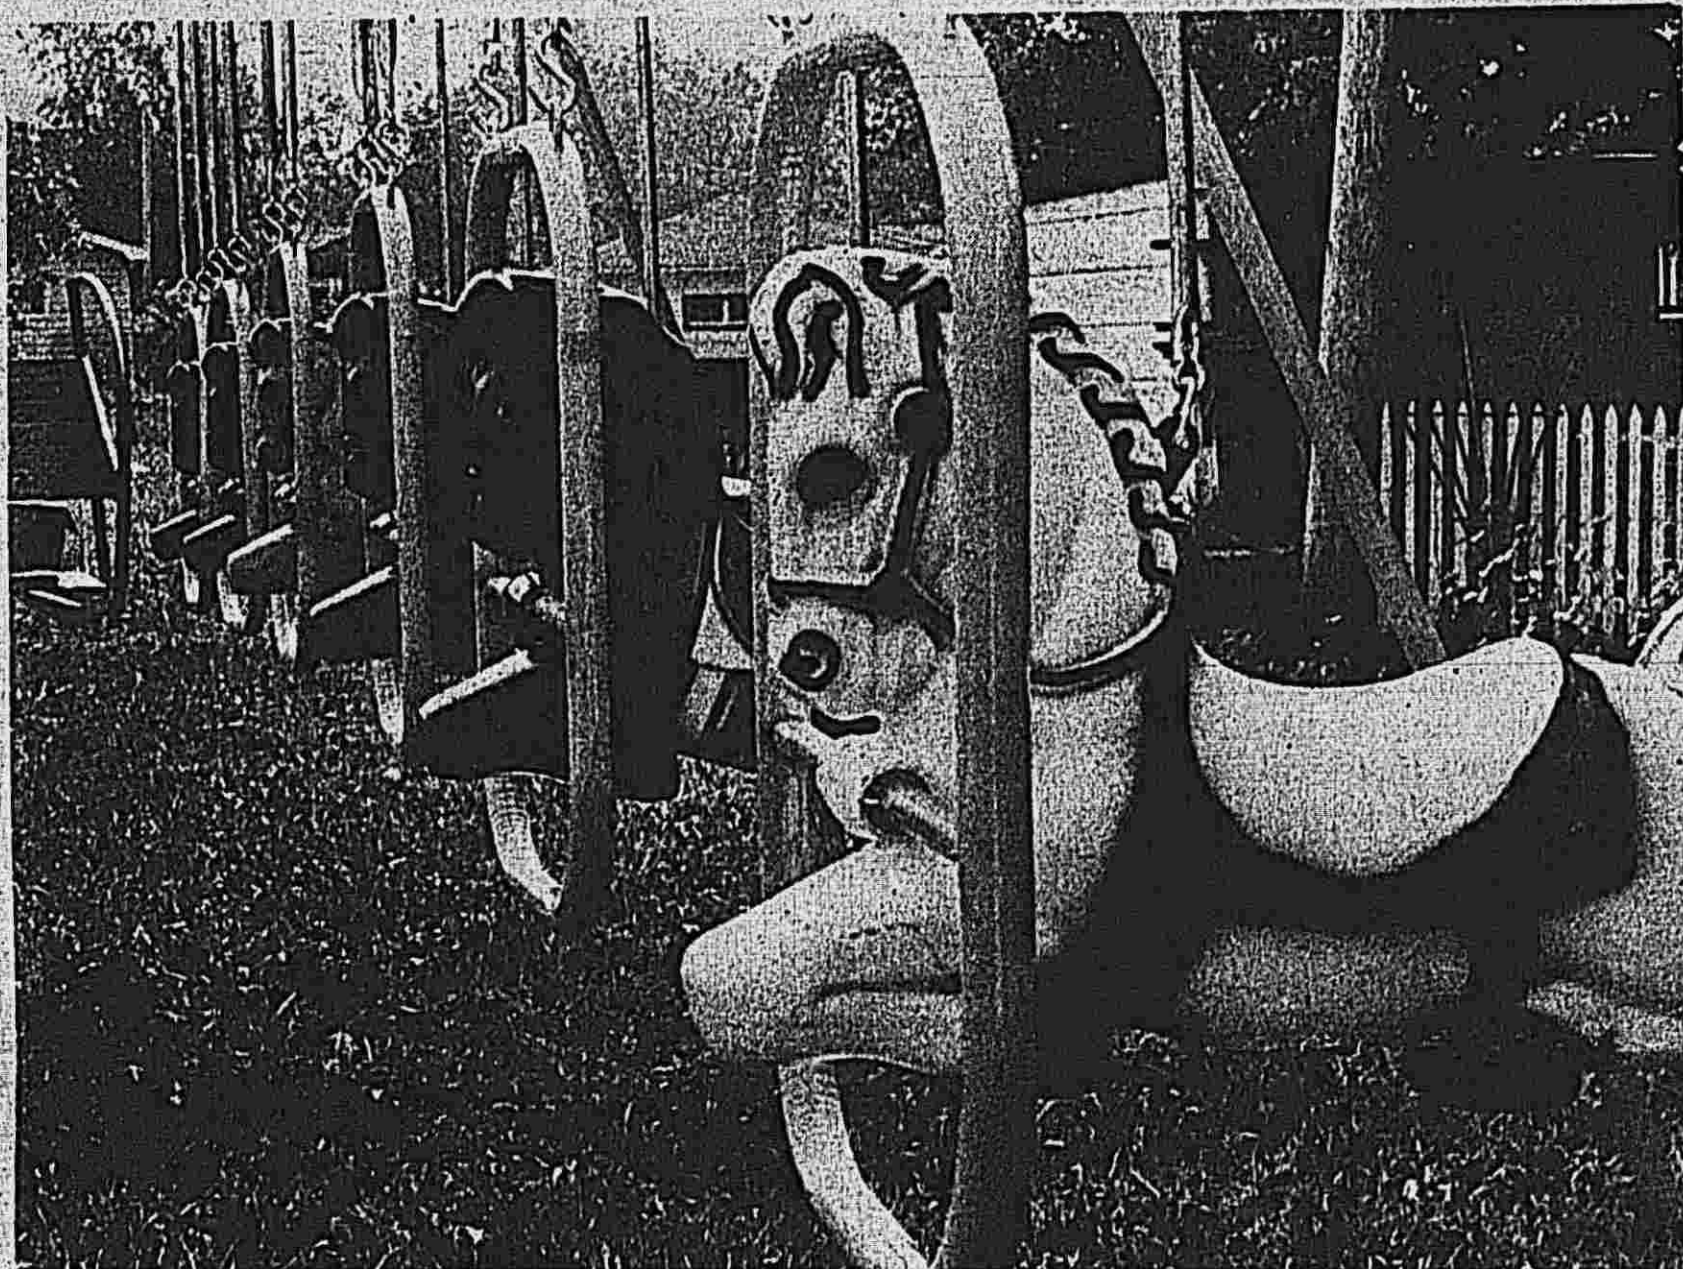

The Citizens Park & Playground committee, consisting of Cliff Houghton chairman; Eunice Mueller, Pat Lorenz, Bruce Bartosz, Marcia Starcevic, Dick Kessler and Gail Fields, has been in existence slightly more than one year.

Other areas of planning the committee has been acting on include: working on co-usage agreements with the local school districts, the mural and landscaping of the mini-park on Main Street, and drawing an ordinance for all village parks and properties.

The committee expressed its gratitude to the following civic groups and individuals for their donations to Jensen Park: The JC's for the playground equipment; the Lions Club for up to \$10,500 as half the cost of

constructing the tennis courts; the Jayettes for a bicycle rack; Mr. and Mrs. Ed Vos, a monetary gift for construction of a shelter; the American Legion for a flag and aluminum flag pole; Newcomers Club; Women of the Moose; and Antioch Chapter No. 428 Order of the Eastern Star for their monetary gifts toward park benches, picnic tables, shrubbery, decorative and entrance fences.

Also, the Antioch Chamber of Commerce for its donation of 2 Charmglow gas lamps to be installed in the mini-park on Main Street.

GET READY, GET SET... Work on Jensen Park continues, and these horses seem ready for the kids who will soon be playing on the new equipment, scheduled for completion in the next week. Another picture on page 13. (Betsy Rossen photo)

WALTER SODERMAN, new Oakland School principal, surveys one of two portable classrooms installed at the school last Friday. The rooms, brought from Grayslake High School, bring the total number of classrooms to 19. (Betsy Rossen photo)

Oakland Principal Back 'Home'

"It's like old home week," said Walter Soderman, new Oakland School principal. He taught at the school for 11 years, from the opening year, 1958. He then served as principal of Channel Lake School for four years until assuming his current role at Oakland.

"I'm looking forward to a good year," he asserted. "I have taught with all but eight of

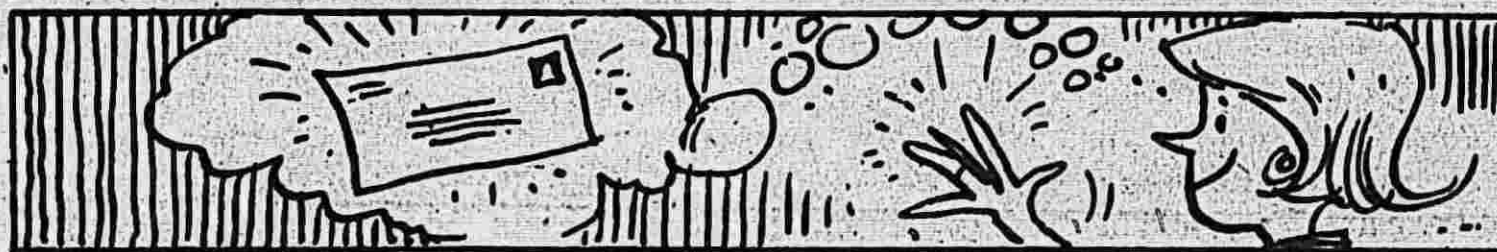

the teachers here. I'm glad to get back and see some of my old friends."

Soderman commenting that the school has grown considerably from the original eight rooms (kindergarten-8th grade), with the current total standing at 19. The increased enrollment has made necessary the use of two portable classrooms from Grayslake High School installed last

Friday.

"This is a stop-gap measure for overcrowding," Soderman says, "and nothing permanent. There is a possibility of having two more here."

The job of Channel Lake principal is still open, according to the school district. The position has been opened to qualified teachers within the system.

Some people still believe that if they see white spots on the fingernail of their ring finger it means that they will soon get a letter!

Bike Quiz

Dear Editor:

With the "bicycle boom" on nowadays, many people are annoyed at the bicyclists who don't care about "common courtesy" while bike riding. I've seen, as I'm sure you have, many near accidents that involved bike riders and automobile drivers. I thought giving a quiz to some of your readers might help clarify a few rules. How much do you know?

1. You may ride in either direction on a one-way street:
(a) sometimes... (b) never... (c) always...

2. You should ride on the side of the street where traffic is coming towards you. (a) never... (b) always... (c) makes no difference

3. All bicycles must have: (a) a bell or horn (b) a brake (c) a rearview mirror

4. Bicycle riders must obey traffic signal lights and highway signs. (a) if traffic is heavy... (b) always... (c) only at night

5. On a two-way street:

(a) You must ride on the right-hand side of the right-hand lane

(b) You must ride between the traffic lanes

(c) You may ride any place as long as you don't interfere with traffic

6. Bicycles are not allowed on expressways. True False

7. When riding with others you should go: (a) Two abreast...

(b) Three abreast... (c) Single file

8. Bicycle riders are required by law to give the proper signal before turning. True False

ANSWERS:

1. (b) never
2. (a) never
3. (a) bell or horn, and (b) a brake

Along the way with ANNIE MAE

Have you got your thinking caps on for the Midnight Madness pajama contest next Monday evening? Also, how about helping your kids decorate their bikes for the bike and buggy parade at 6 p.m.

If you saw an additional clerk in Jackie's Little Gallery for the month of July, it was Laurie Olisar from Port Richey, Florida. She spent the month of July with George and Jackie. Also visiting with the Olisars, from San Diego, California, was former Antioch resident, Jill Kennedy. Now the Olisars are on vacation themselves. Hope you have a lovely two weeks of fun and relaxation.

John and Joyce Olisar have left for a well deserved vacation to Florida. The Olisars have just completed a very successful summer band program at the high school. Tell me - are you ready for band camp?

Helen and Bernie DeVries are back in town after a nice visit

with Bernie's brother in Blair, Wisconsin, near the Wisconsin Dells. This is Amish country and the DeVries found it a very different way of life. I think it's much too quiet for our gal, Helen.

Edwinna Nevitt leader of the Girl Scout Troop 213, along with co-leader Jane Lytikainen and Laura Malecki took the girls camping at the Wisconsin Dells. They left yesterday and will return home on the 17th. Sure hope you have good weather. Lynne Sterbenz will attend

the World Campus Afloat Shipboard College this fall along with Fran Colette. The girls are busy getting their shots prior to departure.

The 58th Annual Runyard Family Reunion was held last Sunday at the home of Mr. and Mrs. Robert Runyard in Richmond, Illinois. The Runyard's are former Antioch residents. Families came from Antioch, Channel Lake, Rockford, Richmond and Chicago.

Remember Ladies!!! Get your tickets for the St. Peter's Salad Bar Luncheon this Saturday. Promises to be a fun afternoon.

Good luck to our Little League All Star Team in the Waukegan Tournament. Keep on winning you guys.

I know where every Lake Villa family was last weekend and lots of Antiochites, too. The annual Fire Department Carnival was held at the Village park.

Our congrats to two young couples entering wedded bliss last Saturday -- Tom Pfahler and Taffy Englehardt were married in Waukegan and Gary Burnett and Linda Borak became man and wife in an afternoon ceremony at the Methodist Church.

A very special belated birthday wish to a very good friend and super sport. I hope you have many more. Cindy Bartoz celebrates her natal day on Aug. 18 and the 19th is a popular day for birthdays. Celebrating are Joan Toft, Emily Benes, David Hahn, Father Johnson and Gary Volling.

The Faces of Evie

My Son, the Bookworm

By EVALYN ROZEK

The way I see it, little boys come in two varieties:

1. Those who wear holes in their jeans climbing trees and pushing trucks around.
2. Bookworms.

Now, boys who wear holes in their jeans are a dime a dozen. A bookworm is something else again.

We've got one at our house.

There was a time when we thought it was cute. We used to wake him from his nap and bribe him with lollipops, "Please, baby, won't you read a few sentences for your nice Uncle Frank?"

But it's getting out of hand. This kid reads everything from Dennis The Menace to Dostoevsky. Refrigerator warranties. Washing machine manuals. The Decline and Fall of the Roman Empire.

There's always a book in front of his face. Always. A few months ago, his gym teacher sent him home from school with a note that read, "What kind of Mother are you? Don't you realize your son has the chicken pox?"

I called that man right up. "No, I did not realize he had the chicken pox," I snapped. "I don't even know what color his eyes are!"

You'd think he could set down his Batman or his Greek mythology or his Golf Digest long enough to eat a meal. No way. Last week, just for the heck of it, I sauteed his socks and placed them in front of him for supper. He would've eaten the whole mess if it weren't for that one piece of underdone elastic.

A bookworm can be expensive, too. He fines me a nickel

every time he catches me ending a sentence with a preposition. For the price of a Superman comic book, he will help me untangle my checking account. (He has lots of Superman comic books.)

"Check number 1249?" He will ponder a moment. "That was a week ago Tuesday. You spent \$4.67 at the dry cleaners."

No one in his right mind would challenge him to a game of Scrabble. This kid plays for money. And his vocabulary includes words like "mazzard" . . . "bdellium" . . . "xyster."

But, in some ways, I have to admit he's a little on the slow side. He has yet to comprehend that milk, left atop a table on a warm afternoon, will sour. Or, that a half-gallon of ice cream, under the same conditions, will melt. He experiences difficulty cutting his pancakes and fails to see why he should have to bother shutting the car door just because we are going on a 200-mile trip.

It is not uncommon for me to find him walking about with only one shoe on. Or, in the winter, one mitten. (He has two hands and two feet.) At bedtime, he puts his pajamas on over his clothing. And, in the morning, a clean shirt and pants over the pajamas.

He can recite, without hesitation, any statistic you might want to know about any football player from Knute Rockne to Chester Marcol. But if you'd ask him to tell you his middle name, he'd have to go into a quiet room and concentrate for five minutes. (His middle name is John.)

I don't know. I think I really should try to get him to climb a few trees or to play for a while with a truck.

But first, I want him to proofread this column.

CHANNEL LAKE CHATTER

The excitement at the home of Estelle Gatch on August 3 was the surprise birthday party for her 7 year old granddaughter, Valerie De Marais of Bolling Brook, Illinois. To top off the surprise was a visit from 19 year old Maria Estelila Cabrera from San Luis Potosi, Mexico. Maria was celebrating her birthday, also, with her first visit to the United States. This made the party a double celebration and cause for all who attended having a very good time.

Don and Barbara Bjork and Emery and Ruth Trussel journeyed to Carbondale, Ill. last Thursday evening to attend the college graduation of their son and nephew, John Bjork, from Southern Illinois University. On Saturday a picnic was held at the Bjork home to celebrate the occasion. The damp weather didn't bother the fun the over 60 family members and friends had, nor the enjoyment of the delicious

buffet supper served by Barbara Bjork. Despite the dismal day some of the braver children still enjoyed the use of the swimming pool, although we did notice goose bumps and blue lips on some of them. Ah, youth!

The Hawaiian Luau was a huge success last week at Mr. Wonderfults. It was bigger and better than last year and was complete with roasted pig and many exotic foods served with a true Hawaiian flair. To top off the event were Hula girls and a fine band plus many of the guest dressed in Hawaiian attire. The party was so great that Mr. Wonderfult, alias Steve Rysko and his wife, Beverly, are planning next years Luau, already. Among the guests helping out, and enjoying themselves were their son-in-law and daughter, Ron and Debbie Burell and Steve's sister Gerry and her two children George and Gail. A great time

was truly had by all.

Forty-six members of the Gutowski family held a reunion picnic at Chain O Lakes State Park. The weather cooperated after a brief shower, to make the gathering very enjoyable, with all that attended planning to have another picnic next summer at the same place.

Don't forget to register your school age children at Channel Lake School Wednesday and Thursday. The times on Wednesday are 9 a.m. til noon and 1 p.m. til 3 p.m. and on Thursday from 1 p.m. til 3 p.m. and 6 p.m. til 9 p.m.

Congratulations to our area 4-H members who were award winners at the Lake County Fair held recently in Grayslake. Among the award winners were Lorna Whitton, Beverly Givens, Marsha and Mike Fallon, Fred Chase, his brother Paul, Debbie Behrens, Terry Alrid and Jeff Lemke.

Let me know the news.

Perils of Political Contributions

by SEN. CHARLES PERCY
Republican Senator

WASHINGTON, D.C. - Elections should be won and lost on the relative merits of the candidates and their stands, not on the basis of who can afford the most elaborate and costly campaign.

Not only must we place realistic, enforceable limits on campaign spending, but we must see that credible challengers somehow have a fairer chance to obtain sufficient campaign funds and be sure that they have a chance to get their message across, too.

No financial contributor should be in a position to extract special treatment from an officeholder, which means that we must place enforceable ceilings on campaign contributions and expenditures are matters of public record.

I am reluctant to place an absolute prohibition on individual contributions, for I believe that widespread citizen participation in politics is a healthy and desirable thing. But Watergate is a harsh reminder of the perils of five-and-six-figure political contributions. We ought to get rid of them once and for all and try the more reasonable maximum upper limit of \$3,000 at the most, proposed in the Senate passed reform bill.

Additional safeguards are needed to prevent self-enrichment through the improper use of public office.

Frankly, I do not like the loss of privacy that goes hand in hand with mandatory financial disclosure by candidates and

officeholders. As the Hearst case demonstrates, public knowledge of a family's financial status can sometimes directly affect its very safety. And I know my own family and myself constantly wonder whether, when our own daughter was taken in the midst of a campaign, - whether it was some activity, some press notice, something of the type relating to our own financial situation that might have triggered that breakin and attack at our home.

Nonetheless, the public trust has been so frequently and flagrantly abused that I am forced to conclude that some form of significant disclosure, especially by candidates for national office, is in the public interest.

The Time Machine

70 YEARS AGO: AUGUST 11, 1904

During an electrical storm Tuesday night, lightning struck and killed two colts belonging to Austin Savage, on the Jacob Savage farm east of town.

We understand that Chauncey and Fred Barber have purchased 160 acres of land near Chetek, Wis., and expect to move to that place in the early spring.

50 YEARS AGO: AUGUST 14, 1924

Tuesday night the water level at the lakes raised another inch and a half and conditions are so bad that the resort owners and farmers are taking drastic action. The Grass Lake road, which is now impassable, is being bridged while the Beach Grove road has a light bridging for light cars only.

Featured this weekend at the New Crystal theatre is "The Great White Way," with Anita Stewart and 33 other big stars in the biggest, quickest hit the world has ever known, in which the entire Ziegfeld Follies chorus takes a leading part.

20 YEARS AGO: AUGUST 12, 1954

Following a published warning last week, the Antioch police department set up a road block Tuesday and arrested local residents who failed to have Antioch automobile licenses. Stationed at Main and Lake streets, Chief Walter Scott was assisted in the blockade by special patrolmen Earl Horton and Tod Mapletorpe.

Nash Kenosha, Inc. announces that "Lucky" Leelott Hell Drivers will be appearing at the Kenosha County Fair this weekend, featuring Nash Airflytes.

10 YEAR AGO: AUGUST 13, 1964

Corporal Jack Wells of the State Police nabbed four young men Monday afternoon shortly after they had held up a grocery store in Twin Lake, Wis.

The Antioch Rescue Squad answered more than 40 calls for aid in July. It appears that August may also be a busy month for the squad, with calls running higher than usual.

The Lake Villa Checkers, girls' softball team, beat the Antioch Darts last Thursday night, 10-8. Among the stars are Carol Mortenson, Pat Sanko, Betty Benning and Enid Bartlett.

Low Crime Rate Pleases Antioch Chief

Antioch has a low crime rate "and that's the way we like to keep it," Police Chief Jack Wells told the Rotary Club last Thursday at the Brave Bull restaurant.

"The only problem we have, generally speaking, is a little vandalism and petty theft," Chief Wells said.

"I'm really very happy with the small amount of crime in the village of Antioch. I wish it were crime-free, but at least we have nothing earth-shaking," he added.

The chief said that morale on his 14-member staff is good.

"The working conditions and salaries are as good as we can

have, and I think we have a pretty happy department," he said.

Chief Wells praised the new community relations program under the direction of Officer Sue Sedivec.

"Sue has done an exceptionally good job," he said. "Her softball league this summer saw about 150 girls between the ages of 11 and 16 participating."

The chief said he wanted to remind the community that in a few weeks there will be "school buses, and kids walking to school" and it will be a time for renewed emphasis on cautious driving.

Rehabilitation for Cancer Patients

The Reach to Recovery program of the American Cancer Society is a rehabilitation plan for women who have had a breast removed. It is designed to help them meet their psychological, physical, and cosmetic needs. The Lake County Unit of the ACS has offered this service for the past six years. Many hundreds of women who have undergone

this surgery have found great satisfaction from having a volunteer visitor who is herself a mastectomee.

The program is available at all Lake County hospitals and has become a very popular and important service for recent mastectomees. However, in order for the program to expand to meet the growing need,

more volunteers are necessary. If you have had breast surgery prior to 1970 and want to volunteer as a Reach to Recovery visitor, call 336-9293 or write the American Cancer Society's Lake County Unit at 2835 Belvidere Road, Waukegan, Illinois 60085.

A training meeting for all new volunteers is being planned for October.

St. Peter's Luncheon Program Saturday

St. Peter's annual Salad Bar Luncheon will be held Saturday, starting at 12 noon in the social center of the school.

Co-chairladies Jean Benes and Eileen McGuire report there will be many surprises for those who attend. While eating your lunch, you will be entertained by our own "Babe Wagner" at the organ. And joining Babe with a few favorite songs will be Colleen McGuire.

Hats of all shapes and sizes will be modeled by some of the

ladies, and prizes will be awarded to the "Best of Show." Many prizes will be given away.

Tickets are on sale at the State Bank, the First National Bank and the church rectory. Price of admission is \$3 for adults and \$1.50 for children under 12. Men also are invited to join in the festivities.

All in all, it sounds like a great day. Tell your friends, and plan to attend. There will be tickets available at the door Saturday.

Lottery Winnings Are Taxable

Chicago, Illinois -- All winnings from the Illinois State Lottery are considered as taxable income and must be reported on your Federal income tax return.

Lottery winnings can only be reported on the long Form 1040 and must be shown in the space provided as other income and added to the total amount of income.

Taxpayers who itemized deductions on their Federal income tax returns may deduct their gambling losses but only

to the extent of their winnings. Those who win lottery prizes may be subject to filing an estimated tax declaration and paying a portion of the tax due shortly after receiving a prize.

Taxpayers may be able to avail themselves of the income averaging provision and reduce the amount of Federal tax due on their winnings.

For further information about lottery winnings, declarations of estimated tax, or income averaging, call the IRS at 312-435-1040 toll-free.

Library Offers 'Amnesty'

The Antioch Township Library is extending a period of amnesty to those patrons with long-overdue materials. If you have a book or album gathering dust around the house someplace, now is the time to get it back into circulation.

Even if you've received three overdue notices and any number of phone calls, you can bring this article in, drop it in the box and no fine will be levied. You also can regain full use of your library card.

"We promise not to ask questions or even scowl at you!" said Melville C. Knirsch, president of the library's board of directors.

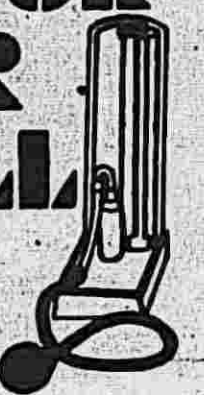

At the present, 193 books and 15 albums are absent from the shelves. "The value amounts to \$1,091.84 and we really miss them, but we also miss the

patrons who took them out. We'd like to have both back," Knirsch said. Remember, no fines, no frowns, no questions. The period of amnesty begins on Aug. 19 and will extend through Aug. 24.

'Ice Cream 'N' Apple Pie' Was Delicious

The only thing I didn't like about "The Ice Cream 'N' Apple Pie Show" is that it lasted only one weekend.

I'd like to go back this week and see it again.

Otherwise, the PM&L variety show was thoroughly delightful.

Wait. There was one other disturbing thing. Only 200 to 300 persons showed up for Friday opening. The high school auditorium was less than half filled. This show deserved a bigger crowd.

Proceeds will be used to help remodel the PM&L Theater on Main Street. A new curtain is one of the goals.

One of the things that has impressed me about Antioch is the amount of theatrical talent this small community possesses. I have seen "Little Theater" in large cities that isn't anywhere near as good as what I've enjoyed in "Sound of

Music" and now "Ice Cream 'N' Apple Pie."

Just as in "Sound of Music," despite the large cast there weren't really any weaknesses in "Ice Cream."

You could list the entire troupe when you start handing out praise, so a lot of people will have to be overlooked in this article. But that doesn't mean they weren't appreciated and enjoyed.

Florence Babusek, of course, was professional and sang beautifully: "Games People Play," "Ebb Tide," "Feed the Birds," and other numbers.

Mary Chris LaKome's performance was memorable too, both when she sang and when she romped with "The Apple Pie Dancers," Lyn Zaehler, Tracy Teltz and Nancy Eberman - they were excellent.

A young group called "The

American Troubadours," entertained during a portion of the show. "Scarborough Fair," by Sandy Lindberg, Terri Rosol and Rita Shields, was a special treat. Joe Linhart stood out when the group sang, "O, Let me Fly" and when he did his solo, "Acres of Clams." And Rita Shields was super in "This Land Is Your Land."

Tim Shields was especially good as Thomas Jefferson in "But, Mr. Adams," from the musical "1776."

The Apple Pie Players did comedy sketches, courtesy of the Carol Burnett Show. At first I thought the sketches were poorly written ... not so funny. But then I noticed, despite this, every one of the players was excellent. They were really funny, and they made the slapstick worthwhile, just as Carol Burnett and company do. For this I must mention each of

those delightful characters - Dee Baum, Pam Hill, Gloria Davis, Chris Lindberg, Shirley Kramer, John Rooker, George Blanksten and Don Beveroth.

Mr. Beveroth directed the

show and therefore deserves much of the credit for a delightful evening. I wish more Antioch people could have been there.

Her mother looked up, with an understanding and patient smile, and asked:

"No, dear. Who is it this week?"

this year, that's where his company will send him.

State Farm recently paid for a four-day vacation at Lake of The Ozarks in Missouri for Dick and his wife. That was for selling a half-million in life insurance during the first six months of the year.

They stayed at Tan-Tara Resort, a really super spot, according to Dick.

THEY'VE COME UP with an aspirin bottle that can't be opened by children. The next step forward may be one that can be opened by adults.

On Sunday afternoon, July 21, members of the Antioch High School Class of 1934 held their 40-year-reunion.

A tour of the school, showing the progress and expansion over the past 40 years, was given by Mr. Warren Polley. A dinner and social followed at the Dutchman's Restaurant.

Messages from absent members and teachers were related by Harold Fennema, master of ceremonies. Antioch business firms donated individual souvenirs and door prizes, and copies of the original commencement program were distributed.

Songs of the 30's were sung, photos taken, and the delicious

dinner was topped off with special anniversary cakes.

Two former teachers were present: Mrs. Helen Curran Herman and Mr. Gerald Reed, as well as Supt. and Mrs. Polley.

Of the class of 66 members, 21

were present, 10 are deceased and others sent messages. The committee expressed gratitude for the generous response to the event. The committee included Margaret Masek, Marie Schaeffen, Harold Fennema and Adele Miller (Sr. Patricia).

Outside a restaurant one night when cabs were scarce, 2 men argued about which one should take the only taxi in sight. The discussion was brief, and one of the men rejoined his wife at the curb.

"Why did you let him have the cab?" she demanded.

"He needed it more than I did," the husband explained. "He was late for his karate lesson."

State Farm recently paid for a four-day vacation at Lake of The Ozarks in Missouri for Dick and his wife. That was for selling a half-million in life insurance during the first six months of the year.

They stayed at Tan-Tara Resort, a really super spot, according to Dick.

On Sunday afternoon, July 21, members of the Antioch High School Class of 1934 held their 40-year-reunion.

A tour of the school, showing the progress and expansion over the past 40 years, was given by Mr. Warren Polley. A dinner and social followed at the Dutchman's Restaurant.

Messages from absent members and teachers were related by Harold Fennema, master of ceremonies. Antioch business firms donated individual souvenirs and door prizes, and copies of the original commencement program were distributed.

Songs of the 30's were sung, photos taken, and the delicious

dinner was topped off with special anniversary cakes.

Two former teachers were present: Mrs. Helen Curran Herman and Mr. Gerald Reed, as well as Supt. and Mrs. Polley.

Of the class of 66 members, 21

were present, 10 are deceased and others sent messages. The committee expressed gratitude for the generous response to the event. The committee included Margaret Masek, Marie Schaeften, Harold Fennema and Adele Miller (Sr. Patricia).

Outside a restaurant one night when cabs were scarce, 2 men argued about which one should take the only taxi in sight. The discussion was brief, and one of the men rejoined his wife at the curb.

"Why did you let him have the cab?" she demanded.

"He needed it more than I did," the husband explained. "He was late for his karate lesson."

THE
TRUTH
THAT HEALS

CHRISTIAN SCIENCE CHURCH

What are the demands of God-given freedom? This question will be considered Sunday at Christian Science church services in a Lesson-Sermon entitled "Soul."

Commentary from Science and Health with Key to the Scriptures by Mary Baker Eddy concludes with this statement: "Soul changeth not. We are commonly taught that there is a human soul which sins and is spiritually lost - that soul may be lost, and yet be immortal. If Soul could sin, Spirit, Soul, would be flesh instead of Spirit. It is the belief of the flesh and of material sense which sins."

Everyone is invited to attend services at First Church of Christ, Scientist, BEACON HILL, Rte. 173 and Harden, Antioch, Illinois. They begin at 11 a.m.

Local Views On Nixon Resignation

By BETSY ROSSEN

President Nixon's resignation was the topic of the day around Antioch Friday, with views running the gamut from "it should have happened long ago" to "a sad situation for the United States."

Some took a rather wistful approach, seeing all Americans responsible in part for the events of the last two years.

"I have mixed emotions," one woman said. "This is a sad situation for the United States. It's a reflection on us: it's not just him. All of us are to blame."

Ronni Polson believes "we should learn to take a second look at those we elect. We send a man to Washington, then forget about him. The same type of thing has gone on for years in politics. Unfortunately, he got caught."

Relief that the end of the Watergate affair seems imminent is a popular sentiment, though several were sorry it had to come at such a cost to the nation.

Raymond Ranga of Bluff Lake feels it was time Nixon resigned. "He's better out and alive than in and 'dead,'" he said.

Others also felt resignation was "better than impeachment" for both the former president and the nation. "He did the right thing for everybody concerned," said Scott Lowe.

"He had it coming," said Mabel Walsh. "I do feel sorry for the family, though. They seem like a good family—Mrs. Nixon is a good woman."

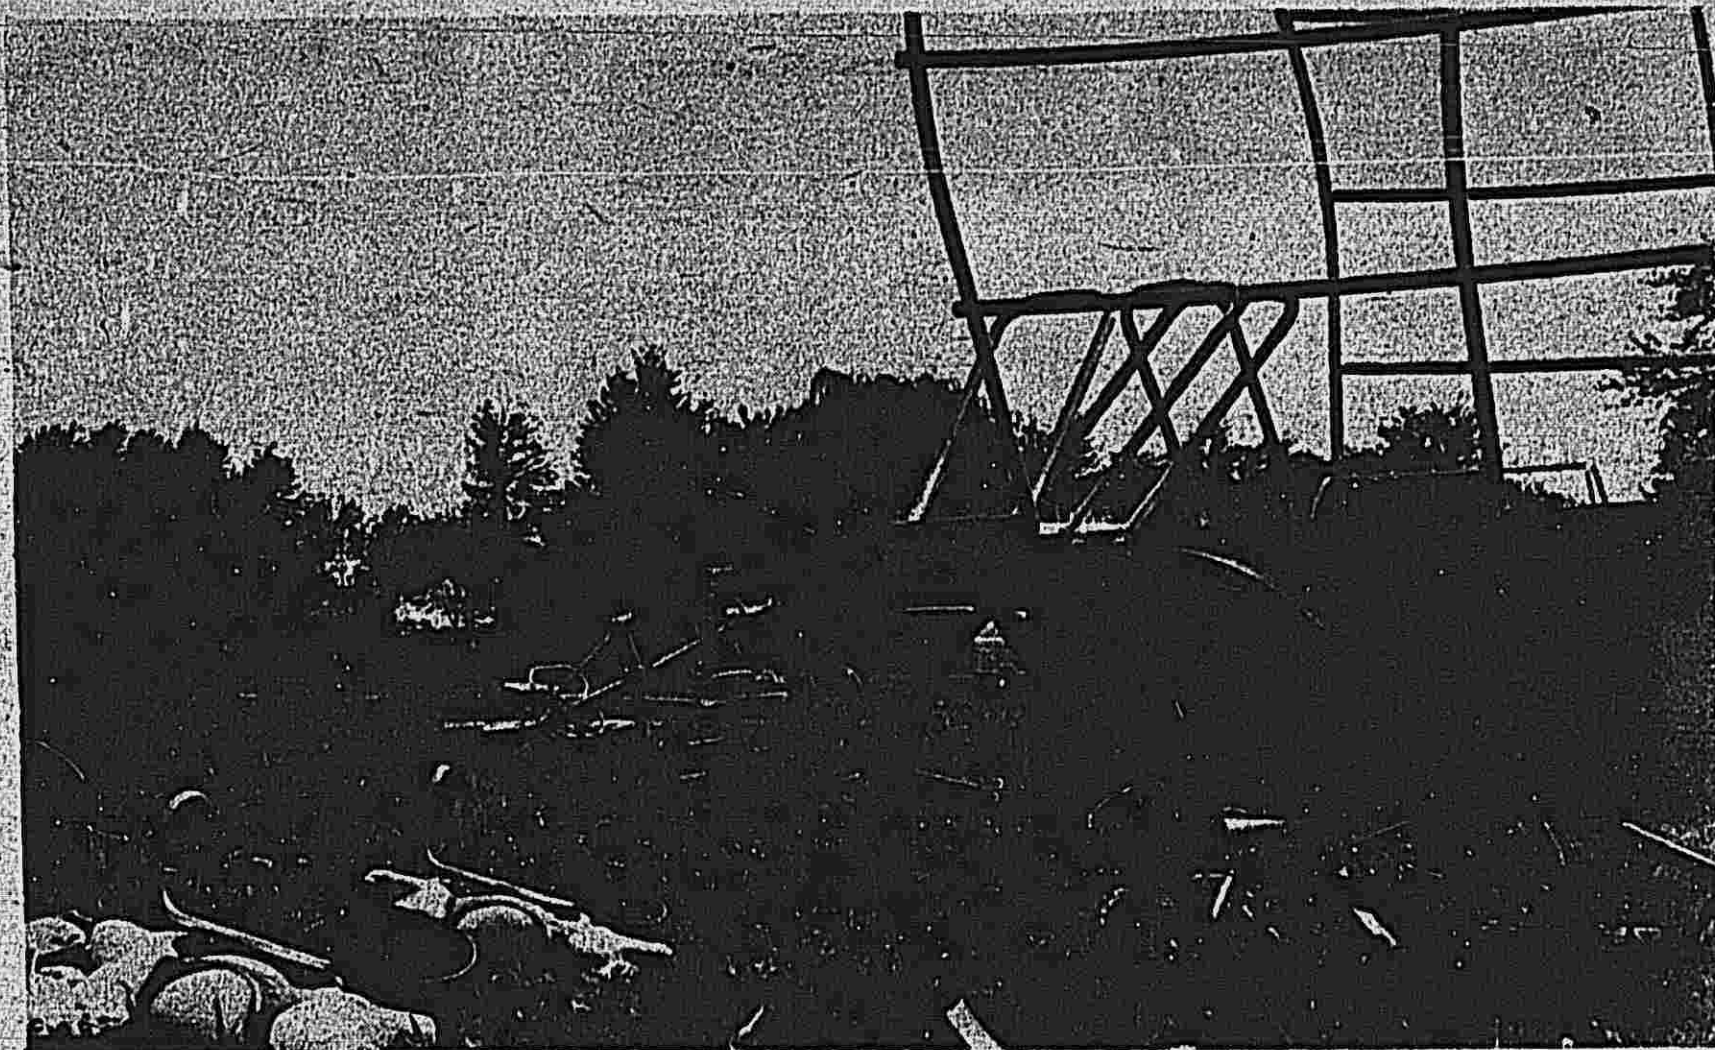

Robert Lutterman took a

more negative view of Nixon, saying, "I come from a long line of Democrats. Nixon should have been sent out on the first Greyhound, not Air Force One." Lutterman went on to say that the nation is based on agriculture, and that the Republican party and Nixon in particular had not done enough for farming and farmers.

The nation's new president, Gerald Ford, received favorable comments from several individuals questioned, though some did not feel they knew enough about him to decide.

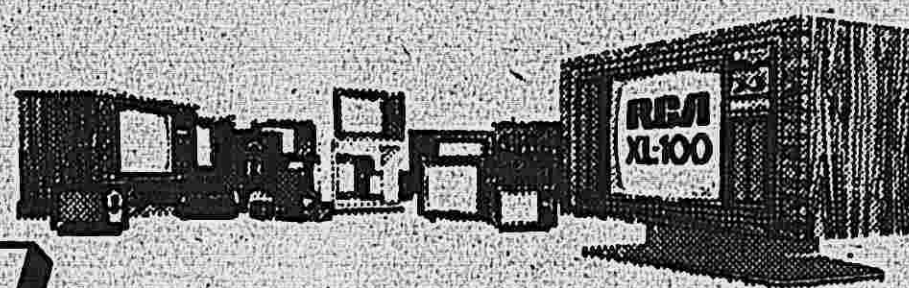

"Ford sounds pretty good for us," said one young lady.

John McCade expressed certain reservations, saying it would be "better if Mr. Ford had been elected."

BABE RUTH LEAGUE CHAMPS -- Walsh's All Seasons won the title, closing with five straight wins for a 13-5 record. Walsh's Tops Babe Ruth League

Walsh's All Seasons captured Antioch's Babe Ruth league baseball title this season,

fighting out of a three-way tie with Charmglo and the Medics. After Charmglo was elimi-

nated, Walsh's beat the Medics for their division title and then faced the Advertisers in the championship series.

Walsh's won the first two games of the best-of-three playoff. In the first game, Walsh's was down by one run in the last of the seventh with a man on second. Then Dave Lagerstrom clouted a two-run homer to win the game 6-5.

In the second game, Matt Warner pitched Walsh's to another victory.

Driver Gets First Big Win

WAUKEGAN—Former sports car driver Don Axtmann scored his first late model feature race win Sunday night at Waukegan Speedway when he passed veteran Bobby Wawak at the white flag.

The 25-year-old Axtmann, who turned in the second quickest time of the night in his 1974 Monte Carlo, slipped past Wawak, who had started on the pole and led most of the race, on the 29th lap.

The race ran non-stop despite an accident when Ron Parker pulled out of the infield in front of Ted Musgrave. Musgrave, who could not stop completely, spun and was hit broadside by Don Marmor right at the finish line.

More Action At Track

WAUKEGAN -- Only three more Saturdays remain in the late model sportsman point battle which will end on Aug. 31 at Waukegan Speedway.

Following that special race program, there will be "open competition" stock car racing on Saturdays in September.

Libertyville's Ted Richter is expected to shoot for a record-tying seventh straight feature race win Saturday, although he can expect stiff competition from Bob May and Joe Horn.

May will be back with the red Camaro he drove to five straight wins last season in the sportsman racing and Horn will drive the Camaro which was driven to the sportsman championship last year by J.P.

will be held for the first time this season, so the Sequoits will be shooting for a spot in the tournament as well as the conference championship.

The league will earn an automatic berth in Class 3A of the playoffs. In the event of a tie for the championship, a league representative will be chosen.

Coach Nelson said he expects Antioch to have a "pretty good team" this year.

"We're looking for a couple of big tackles, and I think we have at least one of them," he said. "And we have a couple of quarterback candidates who

may be able to pass the ball. Last year we didn't have the passing threat and we took a lot of lumps trying to move the ball on the ground."

Swimmers End Season With Record-Breaker

The Antioch Swim Team sponsored by the State Bank ended the 1974 season with its annual record-breaker meet and team party last Tuesday evening.

Fourteen records were broken. Five swimmers broke 2 records a piece. Eva Auxier (15/16) broke the 33 yd. freestyle with an 18.4 and also the 66 yd. free (41.3). Sue Berry broke the 33 yd. back (21.6) and the IM (1:53.0). Dave Berry broke the IM (1:32.6) and 33 yd. back (17.9) and brother Ed (17/18) broke the IM (1:31.7) and the 66 yd. breast (43.6). Dean Waite (17/18) broke 66 yd. free (36.3) and 100 yd. free (1:00.4). Jean Cilik took the 12 and under IM (1:58.5). Chris Walpole pulled an upset in the 33 yd. fly (20.3) by beating Exa Auxier who has been the regular "flyer" this season. John Schmidt broke the 33 yd.

fly (21.5) for 11-12 yr. olds. John Bellucci, swimming his best time of the season, tied the 9, 10 33 yd. breaststroke record (27.5) of former team-mate Greg Shepard.

After the meet was over and the awards given out for broken records, Coach Marty Berry presented the 2nd place trophy the team won at its Invitational Meet to Mr. Pres. Reckers from the State Bank. Five medals were awarded for the most improved swimmer in each age group. For the 8 unders it was Jody Bellucci, 9-10 George Bessette, 11-12 Jean Cilik, 13-14 Margaret Bessette, 15-16 Eva Auxier.

Then the big moment came when the Doug Dodd Memorial Award was presented to the swimmer who showed sportsmanship, team loyalty and

4-H Clubs Plan Pancake Breakfast

National 4-H week is Oct. 6 through 12, and the event will be observed in Antioch on Sunday, Oct. 13, with a pancake breakfast at the First National Bank.

The breakfast will be served by 4-H club members in the bank's Community Room. Serving hours will be announced later.

All donations from the breakfast will go toward the 4-H

exchange program.

Sausage and bacon will come from a prize porker purchased by the First National Bank at the Lake County Fair. The pig was raised by Michael Wells of Antioch, who belongs to the Millburn Hornets 4-H Club. It weighed in at more than 150 pounds at the fair's livestock sale.

The bank is donating the pig back to the 4-H club for the Oct. 13 breakfast.

There are several active 4-H clubs in the area. Persons interested in joining can contact Carolyn Van Patten at the First National Bank.

Chris has been a member of the team for five years. She has been one of the divers for the team practicing many extra hours on her own time and has helped many of the other divers. She also could swim any event.

Antioch Residents Capture Honors In Animal Photo Contest

Antioch residents captured top honors in a dog photo contest sponsored by the Lake County Animal Protection Association and held at the county fair. A total of 9,210 votes were cast at one cent a vote. The money will be used for materials needed in the association's educational program in schools of Lake County.

Arthur Trieger, Laura Otfedahl and James McMillen were awarded first, second and third places, respectively.

The biggest and newest

project for the association involves fire safety seals. About 500 seals have been placed in homes for safety and protection of cats, dogs, and other animals. The 27 fire departments are aware of the seals, placed on the front and back inside door to alert fireman of an animal inside.

Anyone interested in receiving these seals may send his donation and address to: Lake County Animal Protection, P.O. Box 106, Gurnee, IL., 60031.

Bell Exhibit At Museum

No matter how hard or how often you try, you can't beat a computer at tic tac toe.

But in the "Hall of Communications" exhibit at Chicago's Museum of Science and Industry, one always has to try.

Another highlight of this exhibit is the "Vocoder," a device which can be used to teach speech to deaf persons. Here, however, it plays tricks on visitors who are invited to participate in frequently given demonstrations. Not only can it change the pitch of a person's voice, the Vocoder can even turn it inside-out or upside-down.

The Museum, located at 57th St. & Lake Shore Dr., is open from 9:30 a.m. to 5:30 p.m. Mondays through Saturdays, and from 10 a.m. to 6 p.m. Sundays and holidays. Admission and parking are free.

Your Police and the Community

By SUE SEDIVEC
Community Relations Officer

For seven and a half years Officer Charles Miller has been a patrolman with the Antioch Police Department. For the past two and a half years he also has been functioning as the Juvenile Officer for the Antioch community.

Currently, Officer Miller is serving on the executive board as the Sergeant at Arms for the Lake County Juvenile Officers Association.

Officer Miller and his lovely wife, Carol, have two children - Kathy and Ron, and a golden retriever named "Pete" and their black lab, "Harriet."

Special hobbies of Officer Miller include duck hunting, fishing and even cooking (Lucky Carole.)

Officer Miller feels that Antioch is an excellent community for raising a family. He explains that a community is only as good as its Police Department, and a Police Department is only as good as the men on it.

In respect to the youth of Antioch, Officer Miller believes that youths are the product of the adults with whom they live

and come in contact with. Every adult can help develop a youth close to him in one way or another. Officer Miller spends many hours with young people in an attempt to discourage delinquent behavior, and he pursues any case of a juvenile in which a special interest is needed in attitude or rehabilitation or family situation.

Officer Miller encourages more contact and cooperation of the local businesses with the Police Department. In regard to shoplifting and theft, by young or old, the reputation of a store, "not prosecuting" gets around as fast as a person's reputation in a small community.

Officer Miller is a valuable asset to the Antioch Police Department. Other than the serious attitude he takes in his occupation, he is known to the department as a happy, jovial and understanding person. At times there is never a dull moment with Officer Miller around. He also has gained the respect of many members of his community.

Needless to say, Antioch is in good hands with police officers of this stature.

By SANDI CHRISTMAN

THIS WEEK is the last chance village residents have to register for the Citizen's Recreation Committee field trip to a Cub baseball game at Wrigley Field on Wednesday, Aug. 21. If you haven't gotten your permission slip and money into the village hall, please remember to do so by the end of this week.

At Monday night's village board meeting, Finance Committee Chairman Ralph Montrimas, recommended a tax levy for the current fiscal year of \$55,200. Mr. Montrimas pointed out to the board that this levy would be the same taxes as last year. The board passed this year's levy unanimously.

Trustee Robert Ratch reported that the village is on its second cutting of the weeds for this summer and is approximately a third of the way through. Mr. Ratch also stated that the project on Laurel Drive is nearly completed. Mr. Ott reported that a program for identifying bicycles in the village will be undertaken some time in September.

Trustee John Steinke presented a petition to the board consisting of 74 names of village

residents. The petition was circulated by Mrs. Rostad and Mrs. Dorothy Schneider and requests an amendment to the ordinance relating to the installation of swimming pools in the village. At present, any pool two feet deep or more requires a \$25 permit from the village. Also as a point of interest, any pool 24 inches deep or more requires some sort of protective fencing, etc. The requested amendment would have the ordinance consist of a sliding scale payment in lieu of the flag \$25 fee.

In line with the proposed amendment, Trustee Steinke moved for an abeyance of the paying of pool permits for the next two weeks. The people installing pools during this period would be required to sign a form whereby they would agree to pay a fee, if required, after the two week period. The motion carried.

The pool amendment will be sent to the village attorney for drafting into the present ordinance and will be brought

back to the board for voting upon at the next village meeting.

A new group called the "Young At Heart Club" is looking for all those interested in that particular age group, regardless of sex or religious affiliation. Their first meeting will be Aug. 22 at Prince of Peace Church in Lake Villa between 12 noon and 3 p.m. Refreshments will be served.

All future meetings of the Young At Heart Club will be held at the Lindenhurst Civic Center on the third Thursday of each month from 12 noon - 3 p.m.

Anyone wishing to obtain further information should call Mrs. Jennie Volpentesta at 356-7685 or Mrs. Cecile Mann at 356-7721.
